Objective

Motivated Web Developer with a solid foundation in both frontend and backend technologies, including .NET, ASP.NET Core, JavaScript, and SQL Server. Seeking a position to leverage my education and hands-on project experience in building efficient, scalable, and user-friendly web applications. Passionate about contributing to innovative projects and growing within a dynamic, forward-thinking organization.

Education

Post Graduate Diploma: Web Development

Institution: Government Polytechnic – Ghaziabad, India

Period: 2022

B.Tech:

Institution: Babu Banarasi Das National Institute of Technology And Management – Lucknow, India

Period: 2018

Projects

Online Library Management System

Description: Developed a full-stack web application using .NET to manage library operations including book issuance, returns, and inventory management.

Technologies Used: .NET, SQL Server, HTML, CSS

Responsibilities:

- Designed and implemented the backend using .NET.
- Created a responsive frontend.
- Developed RESTful APIs for data exchange between frontend and backend.
- Integrated SQL Server for data storage and management.
- Ensured application security and user authentication.
- *Impact:* Improved efficiency of library operations by 30%.

E-commerce Website

Description: Built an e-commerce platform to facilitate online shopping with features like product search, shopping cart, and payment gateway integration.

Technologies Used: ASP.NET Core, JavaScript, SQL Server

Responsibilities:

- Developed the backend using ASP.NET Core.
- Designed user-friendly UI.
- Implemented payment gateway for secure transactions.
- Optimized website for performance and scalability.
- *Impact:* Increased sales by 20% and reduced load times by 50%.

Certifications

- **Chetu Skill Training in Microsoft ASP.Net (2021)**
Completed an intensive 3-month training program focused on mastering Microsoft ASP.NET. Acquired skills in building and deploying .NET applications, handling ASP.NET MVC, and understanding ASP.NET Core fundamentals.
- **IBM Frontend Development Internship (2020)**
Successfully completed a 2-week internship at IBM focusing on frontend development. Gained hands-on experience with frontend technologies including HTML, CSS, and JavaScript. Contributed to the development of an internal project, enhancing user interface and experience.
- **Certified Full Stack Web Developer (2019)**
Earned certification for Full Stack Web Development covering both frontend and backend technologies. Developed proficiency in working with .NET, Node.js, and database management systems like SQL Server. Completed multiple projects demonstrating the ability to build and deploy full-stack applications.
